

Indoor Super Slim Double Sided Display

Plug and play

Plug and Play is the easiest and most simple way to upload content to the screen. Simply load images and videos onto a USB stick in the display wait for your content to copy over and then remove. Your images and videos will now play in a continuous loop.

LED Backlight

Improves brightness and contrast as well as improving their lifespan and reducing their power consumption. Unlike other forms of lighting technology is mercury free, making it even more eco-friendly. The panel and backlight have a lifespan in excess of 60,000 hours.

Double-sided Hanging Display

With double sided, people can't miss any information from the device no matter which side they are watching. Most high effective advertising purpose for your store.

Space Efficiency Slim Design

Super thin depth, our 530D series just get 42.5mm, improving space efficiency.

Commercial Grade

Designed for use in commercial applications this screen can run 24/7. There are no external buttons or controls to avoid tampering.

Network CMS Upgrade

We also offer cloud based network CMS if required, and you can run the third party Digital Signage software via our Android PC board too.
